### Professional Summary

With 16 years of experience in the IT industry — including **8 years** in UI/UX design **6 years** as UX architect and **3 years** in project leadership — I bring a distinctive blend of design strategy, digital transformation expertise, and cross-functional team leadership. My academic foundation includes a Project Management program from IIM Indore, a PGD in Animation & Multimedia from CDAC, and a B.Tech. in Computer Science from RML Awadh University.

Currently, I serve as **UX Architect & Manager** at CIPL, leading a 12-member team on a digital transformation project for the Ministry of Labour & Employment. Previously, I headed UX efforts for GovDrive (NIC) and led a record-timeline revamp of the PFMS portal. My core strengths lie in government digitalization, stakeholder collaboration, and multi-platform UX delivery.

### Core Strengths & Achievements

- **Strategic UX Leadership:** Defined UX vision and structure for national-level digital platforms impacting millions of users
- **Multi-Platform Design Delivery:** Led UX for desktop, web, mobile, and dashboards with consistent user experience
- **Government Digitization Expert:** Specialized in user-centric design for policy-driven, compliance-heavy platforms
- **Team Management:** Managing cross-functional teams across design, development, testing, and QA
- **GIGW & Agile Compliant:** Deep understanding of government UX regulations and fast-paced delivery through Agile practices
- **High Stakeholder Collaboration:** Worked with senior government officials including Sr. CGA, Directors, and Technical PMs
